Home theater projectors: 6 things to know before you buy ...

In addition to being used in televisions, LCD technology is used in a number of the video projectors that are on the market. In your television, there are a number of LCD chips that are used to display the image. Depending on the resolution of your television, there can be millions of LCD chips used, each one representing one pixel.

What is an LCD Projector? Buying Guide 2019

LCD - LCD (liquid crystal display) projectors place three LCD glass panels in the projector, one for red, one for green, and one for blue. Light passes through the panels and individual pixels open or close to produce the image. Pros: LCD projectors typically appear brighter and have better color accuracy. This leads to an image that seems more sharp and vivid overall.

Projector buying guide! Many projector buyers do not understand the characteristics of such devices as well as the terminology used in them. For those who have not encountered this type of technology before it is difficult to navigate the huge assortment offered by the sellers and choose the optimal projector which will suit their purposes.

How to Choose a Projector in 2020 - Update!

LCD projectors are generally cheaper than other models, and more compact. LCD just has the edge over DLP in terms of colour saturation, and it can produce a brighter picture that looks better in ambient light conditions. Cons: LCD projectors are relatively poor at displaying black areas in the picture. They are also susceptible to the 'screen door' effect, where you can see the pixel structure of the LCD, as though you are looking at the picture through a metal screen door. LCD lamps ...

TV Vs Projector: Which Is Best? - Which?

Projector Display Technology. The panels within a projector are key components in determining the resolution, clarity and contrast of the final image. Three types of panels dominate the industry: LCD, DLP and LCOS. LCD and DLP are the most common, but each has its drawbacks whilst LCos is a hybrid of the two.
