No man nor no woman could eat it like Nolan. The way he twirled his tongue, and slurped, sucked and hummed... there was no people or devices that could do what he'd done. He was the highest paid male escort in the game, with the most talent, highest skill level, and the most seductive mentality. His only problem was... He's in love. The lady he wants is in the same profession, and she doesn't want to settle down anytime soon. A sizzling must-read page-turner from National Award Winning Bestselling and extremely decorated author David Weaver. Guaranteed to drop your jaws page by page! Read the sample and see for yourself.

Althusser and Law is the first book specifically dedicated to the place of law in Louis Althusser's philosophy. The growing importance of Althusser's philosophy in contemporary debates on the left has - for practical and political, as well theoretical reasons - made a sustained consideration of his conception of law more necessary than ever. As a form of what Althusser called 'Ideological State Apparatuses', law is at the forefront of political struggles: from the destruction of Labour Law to the exploitation of Patent Law; from the privatisation of Public Law to the ongoing hegemony of Commercial Law; and from the discourse on Human Rights to the practice of judicial courts. Is Althusser still useful in helping us to understand these struggles? Does he have something to teach us

about how law is produced, and how it is used and misused? This collection demonstrates that Althusser's ideas about law are more important, and more contemporary, than ever. Indeed, the contributors to *Althusser and Law* argue that Althusser offers a new and invaluable perspective on the place of law in contemporary life.

Tyson's journey from student to senior executive when an entirely new world of human communications came into being. He traces the development of corporate identity, vision, and activities of Bell-Northern Research (BNR), which would become one of the most innovative and widely respected research-and-development organizations in the world.

The Science Focus Second Edition is the complete science package for the teaching of the New South Wales Stage 4 and 5 Science Syllabus. The Science Focus Second Edition package retains the identified strengths of the highly successful First Edition and includes a number of new and exciting features, improvements and components. The innovative Teacher Edition with CD allows a teacher to approach the teaching and learning of Science with confidence as it includes pages from the student book with wrap around teacher notes including answers, hints, strategies and teaching and assessment advice.

Alpha wolf and loner Jonathan Waine was comfortable and content in his loner lifestyle. Thrown out of his pack by his father for being gay, he had finally found peace. Until the night he decided to go for a drink. That one decision changed everything: his solitude, his home, his happiness, and his future. Now, everything rested on one beautiful blond. Ethan Gregory learned long ago that if he let people in, he always ended up hurt. He has been moving from place to place for years, never allowing anyone to get close. On his way home from work one night, a stranger comes to his rescue, and he realizes that this man is his fated mate. He does the only thing he can think of. He runs. When the past comes back and literally bangs on the door, will Jonathan and Ethan get their happily ever after? Or, will they even survive long enough to find out?

A collection of 18 short vampire tales.

The popular names of many yogic asanas -- from Virbhadrā-asana and Hanuman-asana to Matsyendra-asana, Kurma-asana and Ananta-asana -- are based on characters and personages from Indian mythology. Who were these mythological characters, what were their stories, and how are they connected to yogic postures? Devdutt Pattanaik's newest book *Yoga Mythology* (co-written with international yoga practitioner Matt Rulli) retells the fascinating tales from Hindu, Buddhist and Jain lore that lie behind the yogic asanas the world knows so well; in the process he draws attention to an Indic worldview based on the concepts of eternity, rebirth, liberation and empathy that has nurtured yoga for thousands of years.

Early in the year, our North American forests come to life as native wildflowers start to push up through patches of snow. With longer days and sunlight streaming down through bare branches of towering trees, life on the forest floor awakens from its winter sleep. Plants such as green dragon, squirrel corn, and bloodroot interact with their pollinators and seed dispersers and rush to create new life before the trees above leaf out and block the sun's rays. *Wake Up, Woods* showcases the splendor of our warming forests and offers clues to nature's annual springtime floral show as we walk in our parks and wilderness areas, or even in shade gardens around our homes. Readers of *Wake Up, Woods* will see that Gillian Harris, Michael Homoya and Shane Gibson, through illustrations and text, present a captivating look into our forests' biodiversity, showing how species depend on plants for food and help assure plant reproduction. This book celebrates some of nature's most fascinating moments that happen in forests

where we live and play.

Firearm enthusiasts and shooting sportsmen everywhere recognize Gun Digest as the leading source for information on the latest guns and related gear. Entertaining articles by some of the top names in gun and outdoor writing cover all categories of rifles, handguns and shotguns. You'll find historical profiles of great guns of the past, hunting stories about the best gun for the game, reports on the year's new models, and shotguns for women, value-priced rifles, the ultimate single-action, hand-loading tools, cartridges for elk, guidelines for the use of deadly force, and many more. It's the most comprehensive collection of firearms information in print today!
