Whether you earn your living from your writing or you are a new writer seeking to  
improve, "Writing Worth Reading" is an ever-present help. It helps the writer  
manage the writing process better than any resource I've ever read. It starts with  
the premise that good reading and thinking are companions to good expository  
writing and builds from there.

In an academic context, reading and writing critically means asking questions of  
the text as we read, and asking questions of the knowledge claims. We then need  
to decide what is worth commenting on, and what is not, and express these  
comments in writing. Which questions should I ask? You can decide which  
questions are relevant to your reading from a wide range of critical reading  
questions.
